1. It is reported that the author of the plan of the Guatemalan Government to admit thousands of Europeans into the country for colonization is Dr. Edward Doryan, described as former chief of the Polish delegation in the League of Nations and a prominent member of the Polish Red Cross. Doryan is now in Guatemala under an official visa reportedly sponsored by Minister of Foreign Relations Enrique Munoz Neany, former Minister to France. It is alleged that at the time of the application for the visa, both Doryan and Munoz Neany requested that it be treated as strictly confidential in view of the fact that Doryan held an official position with the Polish government.
2. The Charge d'Affaires of the Guatemalan Legation in Paris, who will decide the admissibility of the applicants under the proposed plan, is Carlos Manuel Pellecer, generally considered to be an ardent Communist. The Minister of Economy, who will have jurisdiction over the colonies to be settled by the Europeans, is Augusto Charnaud MacDonald, likewise suspected of strong Communist sympathies. In view of this sponsorship it is feared that the immigrants may be composed largely of Communists.
